EXPERIENCE

Adobe Systems Inc.
San Jose, CA
Information Management Analyst Intern — May-Aug 2015

◊ Implemented content management and IT incident management dashboards for the Enterprise Architecture and the Information and Data Services (IDS) teams.
◊ Collaborated with team peers and dept executives to identify the requirements for a dashboard web application previously implemented using PowerPoint.
◊ Improved department's current information storage, archival, and notification processes by conducting user research and interviews.

Carnegie Mellon University
Pittsburgh, PA
Teaching Assistant, Information Systems Milieux — Aug-Dec 2014

◊ Review and assess case studies, exams, and other assignment for over 50 students.
◊ Collaborate with other teaching assistants to develop projects for various web development and database topics.

Decisive Analytics Corporation (DAC)
Arlington, VA
Intern, Machine Learning Visualization Lab (MLVL) — Jun-Aug 2014

◊ Designed and developed data visualizations using d3.js for an internal visualization library, including a time series visualization which integrates a multi-range jQuery slider with a d3 line chart.
◊ Enhanced user interface design of an application querying various Twitter feeds to analyze emotion and sentiment content.
◊ Analyzed current trending visualizations available in the market and constructed optimal solutions to meet customer requirements.

Fannie Mae
Herndon, VA
Operations & Technology Intern — Jun-Aug 2013

◊ Created an internal SharePoint site to maintain production, development, and architecture documentation for archived and current releases.
◊ Documented and diagrammed the Collateral Data Delivery System (CDDS) architecture using MEGA and Visio for release 4.0.

PROJECTS

Project C.H.U.C.K. Registration System
Registration and management system for the Best of the Batch Foundation's summer basketball camp for financially-challenged youth

WhereToEat
Application to help users find places to eat in and around Carnegie Mellon's campus based on a variety of inputted parameters

EDUCATION

Carnegie Mellon University
Pittsburgh, PA

B.S. in Information Systems
Minor: Human-Computer Interaction

Graduation Date: December 2015
QPA: 3.2

SKILLS

HTML5/CSS	Ruby on Rails
JavaScript	Java
JQuery	Git
d3.js	MySQL
Angular	Adobe InDesign

LEADERSHIP

Kappa Alpha Theta | Fraternity
Entertainment Chair - Thetathon

Mayur South Asian Student Association
Vice President

Bhangra in the Burgh
Co-Chair, Head of Public Relations (PR), Design and Website Management

ACHIEVEMENTS

"First Usability, Then Privacy", Undergraduate Conference for Information Systems (UCIS)

"A Framework for Comparative Usability Studies on Secure Device Pairing", Symposium on Usable Privacy and Security (SOUPS)
